*All tutors provide individual and chamber music lessons*

The main focus of the course is on developing chamber music skills, discovering new baroque music and enjoying playing together. Learning more about the background of the music, including historical performance practise helps with all of this!

For viol players, there is a focus on English and French consort music for 3-6 voices, and for Traverso players - to celebrate the Quantz year - the works of Johann Joachim Quantz. Otherwise the participants are free to choose their repertoire. The Orchestral part of the course will be decided closer to the date, but could well include Fux Overtures. Music is played at a pitch of 415 Hz.

The course caters for both beginners and advanced players and baroque instruments can be provided by arrangement with the individual tutors.

Marion Treupel-Franck will also be offering special sessions where participants learn about the fascinating connection between posture, movement, expressiveness and sound.

Although Axel Wolf can only join the course from 17.06.22. all Lutenists are very welcome to take part in the chamber music and orchestra sessions from the beginning.
